

Microsure All Purpose Cleaner and Disinfectant

30-Day defense with 99.99% effectiveness against the most common germs.

Is a one-step Ready-to-Use disinfectant cleaner and odor neutralizer designed for general cleaning and disinfecting of hard, non-porous surfaces.

When a surface is coated with this product, millions of microcrystalline structures form a covalent bond that prevents and disrupts any microbial adhesion, reproduction and proliferation **for weeks and months, much longer than typical disinfectants.**

Main features:

Acts as a germicide, bactericide, fungicide that eliminates Mold & Mildew and protects against harmful pathogens including CORONAVIRUS.

- Dries on any surface forming a covalent bond
- Will not degrade or discolor surfaces not harmed by water
- Compatible with non-bleach disinfectants

Available in:

- 1-Gallon jugs (4 per case)
- 5-Gallon bucket
- 55-Gallon drum
- 275-Gallon tote

Effectively disinfects against:

- Staphylococcus Aureus (ATCC 6538).
- Salmonella Enterica (Salmonella) (ATCC 10708).
- Pseudomonas Aeruginosa (ATCC 15442).
- Methicillin Resistant Staphylococcus Aureus (MRSA) (ATCC 33591).
- Extended Spectrum Beta-Lactamase (ESBL).
- Escherichia Coli and Klebsiella Pneumoniae New Delhi Metallo-Beta Lactamase (NDM-1).
- Vancomycin Resistant Enterococcus Faecium (ATCC 51559).

SAFETY PRECAUTIONS

Eye protection and gloves are recommended for bulk transfer and handling
